

Saint John's Evangelical Lutheran Church

Evangelical Lutheran Church in America

God's work. Our hands.

Resolutions to be considered at the congregational meeting of March 6, 2011

1. Whereas the decision to build a new church building was approved at the congregational meeting of May, 2009. And whereas the need to begin the build phase of the plan requires that certain basic decisions be made about the overall design and specifications for the building in order to allow the build process to begin in April of 2011 and furthermore, that such necessary decisions pertain to the overall plan including the floor, ceiling and wall recommendations.
2. Therefore, be it resolved that for the overall extension of the foyer and the addition of the narthex and nave be approved as presented.
3. Therefore be it resolved that carpeting in the foyer and polished concrete in the nave be approved as presented.
4. Therefore be it resolved that the ceiling be covered with a wood plank if expenses projections allow. The final decision for if such allowances are possible shall be made by the Executive Committee of the Congregation Council
5. Therefore be it resolved that a stone finish be applied to the wall behind the altar if expense projections allow. The final decision for if such allowances are possible shall be made by the Executive Committee of the Congregation Council

Working Hand in Hand for Mission.
